

**Shoebox wallmount chassis  
with 4 drive bays, supports 6 slot  
backplane for Half Size Single Board  
Computer**

## Introduction

WMC-604B is a 6 slot Half-length "shoe-box" wall-mount-able industrial chassis. It is designed especially for compact-size industrial automation applications outside your server room where environment is extra harsh and unfriendly. Within its heavy-duty steel construction, it is equipped with one drive bay for slim CD-ROM, one external 3.5" and two internal 3.5" drive bays, more than sufficient for a compact system requirement. 12cm ball bearing fan and replaceable air filter ensure excellent and clean cooling system for heavy-load applications. 220W Flex ATX power supply can be included to save your time for trying to find suitable power supply. WMC-6503 offers an ideal solution for computers in public area and mobile computers such as car computers or GPS.

## Features

- Heavy-Duty Steel Construction
- Supports 6-slot Backplane for Half Size Card
- (1) 12cm ball bearing fan with removable filter
- (1) Drive Bay for Slim CD-ROM, (1) 3.5" Drive Bay for FDD, and (2) 3.5" Drive Bays for HDDs
- 220W Flex-ATX Power Supply supports SATA and P4 CPU

## Technical Drawing

### Construction

Heavy duty steel

### Color

Black

### Board Support

Half Size PIII/PIV Single Board Computer.

### Drive Bays

(1) 5.25" and (1) 3.5" external drives and (2) 3.5" internal drives.

### Expansion

Supports 6 slots half size backplane (not included).

### Power Supply

220W Flex-ATX power supply.

### Cooling

One 12cm ball bearing fan with replaceable air filter.

### Connectors

Two USB 2.0 Ports.

### Switches

On/Off switch, reset switch.

### Indicators

(1) Power on/off LED and (1) HDD LED.

### Dimensions

220(W) x 177(H) x 254(D) mm / 8.7" x 7" x 10"

### Operating Temperatures

0~55 °C

### Gross Weight

5.6 kg
